Objective

I am a young, determined individual who is eager to learn new skills and develop my existing skill-set. I have gained valuable transferable skills throughout previous employment and work experience placements which I am enthusiastic to implement into employment. I have matured my organisation and time management skills which have assisted the efficiency of tasks being completed. I have a keen eye for attention to detail and I have excellent problem solving skills. My long term objective is to get eventually start working in the Information Security field.
